

Voicemail Script:

Hi, my name is [Your Full Name], and I live in [Your City, State].

I'm calling to urge Senator [Last Name] to oppose H.R. 22, the SAVE Act. This bill would make it harder for eligible Americans—especially women, people of color, young voters, and low-income communities—to register and vote by requiring documents many people don't have easy access to.

There's no evidence of widespread non-citizen voting, and this bill would disenfranchise millions of voters while solving a problem that doesn't exist. Please protect our right to vote and reject H.R. 22.

Thank you.

Letter Template:

Dear [Senator/Representative] [Last Name],

I'm writing to urge you to oppose the Safeguard American Voter Eligibility (SAVE) Act, H.R. 22. While I support secure elections, this bill would create unnecessary and harmful barriers that make it harder for eligible Americans—especially marginalized communities—to exercise their right to vote.

The bill's requirement for documentary proof of citizenship may sound reasonable on the surface, but in practice it will disproportionately impact women, people of color, young voters, low-income individuals, and seniors. Many Americans do not have immediate access to passports or birth certificates—particularly those who have changed their names due to marriage, or who were born at home or in rural areas where documentation may be more difficult to obtain.

Voting is a fundamental right. There is no evidence of widespread non-citizen voting, yet this bill risks disenfranchising millions of eligible voters. Instead of erecting new barriers, we should be making it easier for all citizens to participate in our democracy.

Please stand up for voting rights and reject H.R. 22.

Sincerely,
[Your Full Name]
[Your City, State]
