Lady Celestia: Greetings <Character>. It's good to see you again. Welcome to Sunbreeze Grove, my home.

Lady Celestia: Have you recovered the Black Dragon Box and customized your egg yet? I see. Perhaps you should return and speak with Twilly.

Lady Celestia and Elysia (after **The Hatching** or **Dragon Hatching**, before **Sepulchre**)

Lady Celestia: Greetings <Character>. It's good to see you again. Welcome to Sunbreeze Grove, my home and that of my apprentice, Elysia.

• Elementize

Lady Celestia: I see that you've been taking good care of the egg that I left in your charge.

Lady Celestia: I always had faith that you would take good care of that egg. The time has come for you to make some decisions.

Lady Celestia: You must first choose your dragon's **ELEMENT**. What type of damage do you feel would best suit your dragon?

Lady Celestia: Talk to me again when you're done.

• Customize

Lady Celestia: Names have power, <Character>. This is a basic rule of magic. Naming something can form a strong connection between you and it.

Lady Celestia: Since you are tied to the dragon by the strings of fate, it might, in rare cases, unlock it's

own potential...

Lady Celestia: ...perhaps it will take its battle form when it sees fit to do so, but it will take several hundred years to reach full maturity on it's own.

Lady Celestia: The **Dragon Amulet** would allow you to unlock the dragon's power at the times when YOU needed it, allowing you power that you've never known.
