

Session 3: Usage and Importance of Teach Tool and AP

Teacher Bot

Teach tool is a standardized observation tool developed by the World Bank, as part of the World Bank project "Supporting Andhra's Learning Transformation (SALT)", all teachers in the state will be observed by Teach Tool certified observers. At present 16,154 Certified Observers are stepping into your classrooms to conduct observations and share feedback to continuously support all our teachers to enrich teaching-learning practices and help you reach new heights of mastery!

SCERT launches Bodhana Drushya Malika via the AP Teacher Bot on Swiftchat. These are quick, impactful clips/ videos designed to supercharge your teaching practices and boost student learning outcomes. This is your moment to shine.

Objectives of Teach Tool Observations:

- ★ Activating Certified Observers for stepping into your classrooms to conduct observations and share feedback
- ★ Feedback Data will be used to focus on classroom teaching practices and help SCERT will design Bodhana Drushya Malika via the AP Teacher Bot on Swiftchat.
- ★ Continuous support of all our teachers to enrich teaching-learning practices and help you reach new heights of mastery.
- ★ Teaching practices help boost student learning outcomes.

Objectives of the Session:

1. Certified Observers need to start observations.
2. Certified Observers and Teachers will be able to understand the importance of the Teach Tool and the usage of the AP Teacher Bot.
3. Certified Observers and Teachers will be able to access Bodhana Drushya Malika via the AP Teacher Bot on Swiftchat
4. Complete watching Teach overview video on the Bot and attempt quiz

Note

1. Videos will be added to the Teach Tool videos course each month.
2. Make sure to include these learned strategies in your classrooms.

For a detailed session plan and steps to be followed during the complex meeting, Resource persons should refer to the PPT. Use the below link to get the PPT:

Session 7: Usage and Importance of Teacher Resource Book

The Teacher Resource Book is complementary material for teachers to equip them with the necessary skills and knowledge. It is currently designed for grades 3, 5, and 8, as identified as important for NAS Assessments. It is aligned with the national and state policy guidelines and newer education reforms undertaken by the Government of Andhra Pradesh to help teachers plan based on their classroom needs.

Objectives of Teacher resource books:

- ★ Encourage teachers to reflect on their teaching practices, fostering personal and professional development
- ★ Offer well-structured lesson plans, activities, and strategies to enhance the effectiveness of the teaching-learning process.
- ★ Equip teachers with tools and resources to design and implement engaging lessons independently, tailored to their students' needs.
- ★ Provide targeted resources and strategies to assist teachers in preparing students for NAS exams, ensuring alignment with curriculum goals and assessment standards.

Objectives of the Session:

1. Teachers will be able to understand the overview of the teacher resource books through the video
2. Teachers will be able to access the Lesson plans
3. Teachers will be able to understand the importance of Teacher resource books
4. Teachers will be able to prepare one lesson plan or contextualize the existing structured lesson plan in the complex meeting for the prioritized lesson of that week using the lesson plan template in the teacher resource book.
5. Teachers will be able to use the lesson plans in the **next complex meetings** for making TLMs and Lesson plans

For a detailed session plan and steps to be followed during the complex meeting Resource persons should refer to the PPT. Use the below link to get the PPT:
