

## **Why?**

Thank you so much for your interest in Backcountry Sports Safety! We are an entirely student led club that provides outdoor safety education at low or no cost. Our raffle is our biggest fundraiser of the year, and will allow us to pay for our members to attend a class with East Coast Avalanche Education. Avalanche danger is on the rise, particularly in the Northeast. To ensure our students get the training they need, we've partnered with great local businesses, who's information we've included below.

## **How?**

Our raffle is simple. [Buy 1, 3, 10, or 50 tickets](#), and be entered to win one of our two prizes. The winners will be drawn at CVU on Thursday, 12/19, using a random name generator. The drawing will have oversight by at least two uninvolved CVU staff members to ensure legitimacy. We will select two winners, and several runners up in case we cannot make contact with the first picks. When we send out congratulatory emails, we will try to connect each winner with the prize package they prefer. However, both packages are of approximately equal value.

## **Shipping:**

We will contact you to determine what will be easiest for delivery, but the skis will likely be shipped directed to you, the poles are TBD depending on your location, and the entire access package is easy to mail. We will cover all shipping and handling costs.

## **Equipment prize package:**

The winner will receive a pair of [J Skis stick shift poles](#), and a pair of [Volkl Mantra skis](#) in the length and width of the winner's choosing.

J Skis poles are the best we've tested. With an indestructible aluminum lower, featherweight carbon fiber upper, and adjustable length, the Stick Shift poles will last hard laps in the backcountry and years on the lift. J Skis was founded by Jason Levinthal, a legend in the ski industry. He invented the twin tip skis, and now continues innovating with the freshest graphics in the industry. His shop in Burlington is a gathering place for the ski community, with a lodge themed bar and event space. [We love what J is doing, and we know you will too.](#)

Volkl Mantra Skis are a certified Bolton classic. Coming in all lengths and underfoot widths, Mantras make sure that your equipment is an asset, not a limit. They ski the park, the woods, the icy groomers, and the steep gullies of the green mountains. We don't know what size you need,

so if you win, we will email you and ask before placing our order. As such, these skis will not come before the Holidays are over.

### **Access prize package:**

The winner will receive two Mad River Glen lift tickets, Julbo Lightyear Goggles, and a \$500 Skirack gift card.

[Mad River Glen](#) is the preferred mountain of CVU skiers, and for good reason. Challenging skiing and a local atmosphere are a hard combination to find anywhere else. They constantly work to support programs like ours, because they want to see the ski community stay passionate for decades to come.

We love the [Julbo Lightyear Goggles](#), but we love the [Alpine Shop](#) even more. Alpine Shop has always been a huge supporter of local programs, and we are just one of many to benefit from their generosity. We are even more proud to partner with them because of the great inventory selection and professional services they offer. If you happen to like golf, they do that too.

Finally, you probably need something we don't have, but Skirack does. Skirack is Burlington's best ski and bike outfitter, and is the place to go whether you need roller skis or bike tires. We've worked with them to offer this package winner a \$500 gift card. Get what you need, or do some fantastic last minute holiday shopping. Just to put it out there, Skirack will host the Banff Film Festival again this January, and it's our favorite event of the year. They do great work in every field, so [please check out their website](#).

### **Conditions**

We will do our best to get in contact with our winners via email as soon as the raffle is completed. However, if we cannot get in touch with you, we will give the prize to someone else also randomly selected from our pool. Please make sure the contact information you enter in our form is accurate. It is also unlikely due to the volume of sales that we will be able to relay results to all customers, but we will try to post on community forums like Front Porch Forum once the raffle is over.

### **Legality**

In full compliance with [Vermont statute 13 V.S.A. § 2143b](#), we offer options to receive one free ticket to our raffle. All Backcountry Sports Safety members will receive one free ticket, as will any CVU students who attend our C3 club meeting on December 11th. Community members who would like to one free ticket should mail a letter requesting entry to 369 CVU road,

addressed to Patterson Frazier. You will receive email confirmation when your letter is received. If it is received after 12/18, we will not be able to include you in the raffle.

### **Questions?**

Email our leader Pat Frazier at [pattersonfrazier@cvsdvt.org](mailto:pattersonfrazier@cvsdvt.org) with any questions or concerns.
