

Statewide Webinar

Climate Solutions for Louisiana

Tuesday, April 13, 2021

3:30 p.m.

2021 is an especially important year to discuss climate solutions in Louisiana, as the Governor's Climate Initiatives Task Force is at work now identifying actions that will reduce greenhouse gas emissions and create opportunity in our state. Our speakers will each suggest an important action of interest to Louisiana students.

Panelists:

Lindsay Cooper

Policy Advisor

Governor's Office of Coastal Activities

Terrence L. Chambers

Donald & Janice Mosing BORSF Endowed Chair in Mechanical Engineering

Director, Energy Efficiency and Sustainable Energy Center

University of Louisiana at Lafayette

Satish Bastola

Assistant Professor

Graduate Coordinator (Civil and Environmental Engineering)

University of New Orleans
