

# **Data Privacy Policy for Stash Links - Smart Bookmarking (Google Docs version)**

## **Privacy Policy – Stash Links - Smart Bookmarking Chrome Extension**

**Effective Date:** July 30, 2025

---

**Stash Links - Smart Bookmarking** is a Chrome Extension that allows users to save and access their favorite website links from any browser, securely and conveniently. This privacy policy explains what data we collect and how it is used.

---

### **1. Data We Collect**

We collect the following data when using the StashLinks extension:

- **Email/Username address** (used for account login and identification. Randomly auto-generated so your privacy is protected, you don't need to put your personal email or any email. The generated email cannot be used for retrieving lost passwords)
- **Name** (Optional Input) collected only if the user provides it for personalization
- **Saved URLs and metadata** (e.g., page title or custom label)
- **Browser/device info** (used only for security and session management)

Note: We **do not collect passwords**. All authentication is securely handled by Supabase, a privacy-compliant backend service.

---

### **2. Use of hCaptcha**

We use hCaptcha on the registration page to protect against automated bots. hCaptcha may collect technical data (such as your IP address or browser behavior) to validate whether you're human.

This data is handled by hCaptcha under their own Privacy Policy.

---

### 3. How Your Data is Used

- To authenticate your login
- To save, retrieve, and manage your bookmarks
- To prevent abuse of the signup form using CAPTCHA

We **do not sell, rent, or share** your data with any third party.

---

### 4. Data Storage

All saved links and user data are stored in a secure Supabase database, accessible only through your authenticated session. You can delete your data at any time via the extension.

---

### 5. Your Rights

You can request data deletion, account removal, or have privacy-related questions by contacting:

 [stashlinks.app@gmail.com](mailto:stashlinks.app@gmail.com)

---

### 6. Changes

This policy may be updated occasionally. Any changes will be posted here with an updated "Effective Date."
