

Privacy Policy for BlackTape

Last updated: August 31, 2026

1. Overview BlackTape ("we", "our", or "us"), developed by **SerialCloud**, is committed to protecting your privacy. This Privacy Policy explains our practices regarding user data and technical operations.

BlackTape is designed as a **100% offline, client-side utility application**. We do not collect, transmit, store, or sell any personal data or images.

2. Data Collection and Usage

- **No Personal Data Collected:** We do not require account creation, registration, or login. We do not collect names, email addresses, phone numbers, IP addresses, or device identifiers.
- **No Network Communications:** BlackTape does not declare or request the `android.permission.INTERNET` permission in its manifest. The application cannot communicate with any external server or third-party service.
- **Photo and Media Processing:** When you select an image or share an image to BlackTape (`ACTION_SEND`), the image is processed strictly on your local device.
 - The EXIF/GPS metadata scrubber and drawing/masking tools operate entirely within the device's local memory (RAM).
 - No image data leaves your device under any circumstance.

3. Permissions BlackTape requests only the minimal local permissions required for its core functionality:

- **Photo Picker / Read Media (`READ_MEDIA_IMAGES`):** Used solely to let you select images from your device storage for editing.
- **Write Storage / MediaStore API:** Used solely when you explicitly tap "Save to Gallery" to export the cleaned image to your device's `Pictures/CleanShot` folder.

4. Third-Party Services and Analytics

- **No Advertising SDKs:** BlackTape is a paid application and does not integrate AdMob, Unity Ads, or any other advertising framework.
- **No Tracking or Analytics:** We do not use Google Analytics, Firebase, Crashlytics, or any third-party tracking tools.

5. Data Retention and Deletion

- We do not operate external databases or cloud servers.

- Temporary cache files generated during image sharing are stored in your device's temporary cache directory and deleted automatically by the operating system or upon completing the share action.

6. Children's Privacy BlackTape does not collect any data from anyone, including children under the age of 13 (or applicable age in your jurisdiction).

7. Changes to This Privacy Policy We may update this Privacy Policy from time to time. Any changes will be posted on this page with an updated revision date.

8. Contact Us If you have any questions or suggestions regarding this Privacy Policy, please contact us:
