Task 1: Find the Free Movies on BrainPOP's YouTube Channel. Record the titles of the videos you will watch.

Task 2: Take notes for each video. Take notes as you watch the video, pausing as necessary. Some kids like to watch it the whole way through, and then go back a second time to take the notes.

Note guidelines:

Look/Listen for info that is **new to you, interesting, or sounds important.**

3rd grade-record 3 ideas from the video

4th grade-record 4 ideas from the video

5th grade-record 5 ideas from the video

6th grade record 6+ ideas from the video

Task 3: Make a quiz for each video. Create a 5 question quiz to go with the video you watched. You can make this quiz on paper, on pic collage, or using the tech tool of your choice. Include an answer key for each quiz you make.
