

August 2023

Dear Parents,

WELCOME! I want to take this opportunity to welcome you to the 2023-2024 school year and our 3rd grade ALC class. I hope that you have had an enjoyable summer break! I look forward to getting to know you and working with you and your child this upcoming school year.

I'm sure that you are curious to know a little bit about me. This will be my 25th year in the Granite School District and my ninth year at Morningside--and I am delighted to be here. I am a lifelong learner and love to learn as much as I can. I hope to join you in helping your child along their learning journey.

Email is my preferred communication method. Please let me know immediately if you are not receiving emails (including the welcome email), and if you would like to have both parents receive class emails.

If you have any questions or concerns, please feel free to contact me. My email address is jligget@graniteschools.org. I have a website with lots of additional information. Access it by typing the following into the URL bar:

<https://sites.google.com/view/mrsliggets3rdgradegtclass/home>

School begins on Wednesday, August 16, at 9:00 a.m. Students will line up on the lower playground, outside the lower grade boys' bathroom (labeled YELLOW door, about halfway way down the blacktop on the east side of the building). Our classroom is located on the west side of the school in Room 25.

Enjoy the last few days of summer vacation! I'll see you on August 16th.

Sincerely,

Mrs. Ligget
3rd Grade Teacher
Morningside Elementary Magnet School
