“I wish to join for the same reason as last time. I have reformed my constitution, and I have added a code of laws, which includes some basic voter regulation. I understand it may not be perfect, but I want to show that my nation is not just some Authoritarian state. Just because we're Communist does not mean we can't change or reform, or that we're inherently Authoritarian. However, I just want to be given another chance. That is all.”
