Guided Light Consulting

Accessibility Statement

guidedlightconsulting.com | hello@guidedlightconsulting.com

Our Commitment

Guided Light Consulting is committed to ensuring that our website is accessible to all visitors, including individuals with disabilities. We believe that everyone deserves equal access to information and services, and we strive to meet or exceed applicable accessibility standards.

Standards We Follow

We aim to conform to the Web Content Accessibility Guidelines (WCAG) 2.1, Level AA, as published by the World Wide Web Consortium (W3C). These guidelines explain how to make web content more accessible to people with disabilities, including those with visual, auditory, cognitive, and motor impairments.

Measures We Take

We work to ensure our website is accessible by:

- Using clear, plain language throughout our content.
- Ensuring sufficient color contrast between text and background elements.
- Structuring content with logical headings and readable fonts.
- Ensuring that third-party tools we use (such as Calendly and Google Forms) offer their own accessibility features.

Known Limitations

While we strive for full accessibility, some third-party tools and embedded content may not be fully within our control. We are committed to working toward improvements as they become available.

Feedback & Contact

If you experience any difficulty accessing content on our website, or if you have suggestions for how we can improve accessibility, please contact us:

Email: hello@guidedlightconsulting.com

We take accessibility feedback seriously and will do our best to respond promptly and make accommodations where possible.

Updates to This Statement

This Accessibility Statement may be updated periodically to reflect improvements to our site or changes in applicable standards.
