

25 VDA

Girls and Boys Players from the Class of 2025 Commit to College Soccer November 2024 – Virginia, USA

Virginia Development Academy (VDA) is proud to announce the 25 student athletes of the class of 2025 that are signing to play college soccer. These players have committed to top academic and athletic institutions from across the country. More players will be added to our class of 2025 as players finalize their decisions.

"We are very proud of all of our student-athletes in this class," said VDA Girls ECNL Director Bobby Puppione. "Not only is this a great group of soccer players, but they are quality people outside of the game too. We are looking forward to seeing them succeed on and off the field in the years to come."

"Congratulations to our boys for having earned the opportunity to continue their playing career at the collegiate level," said VDA Boys ECNL Director Matt Rowe. "As a staff, we are proud of their success and excited to continue to prepare our players for playing at the next level."

These players will now be joining the hundreds of VDA alumni that have gone on to play college soccer at schools all over the country.

Congratulations to all of these student athletes and their families. We are proud of you! *The following pages*
