

Adena Schools Covid Update 9-8-2021

Points to Remember

- Please don't send sick children to school.
- Please don't do large gatherings of kids right now. What you do outside of school affects what goes on inside the school. If we want our kids to have in-person learning we have to do what it takes to slow the spread and reduce the number of positive cases.
- Great job with masks today. Keep up the good work!
- We are scheduling a vaccination clinic with Ross County Health for September 16th and second dose on October 7th. Please use this [link](#) to indicate your participation if you would like to get vaccinations.

Today's Numbers

Staff Positive:	3
