Suitcase

PLEASE make sure any times you bring are not prohibited by USA to send overseas.

Thank you all for the incredible support! We've already sent well over 20,000 LBS! To help us maximize our impact and to send the most critical items to Ukraine, please do not bring prohibited items or items we are currently not collecting.

As a volunteer-led organization, we strive to use the donations and resources we are entrusted with to the maximum capacity. We are continually collaborating with other organizations and grassroots efforts like ours to ensure we can have the greatest collective impact.

Any items that we are unable to send, (like used clothes, etc.) we will work to donate to a local organization that will also likely serve the Ukrainian refugees we anticipate that we will have.

Thank you for your continued support of the mission of Wisconsin Ukrainians Inc!
