

Ipad Directions: Using an Ipad to support your learning from home.

1. To turn your ipad on, hold on the on/off button until the apple icon appears on the screen. Let go of the button. When the ipad is on the above screen will appear (it may have a different picture).
2. Press the home button. You will go to the ipad desktop where the app icons are located.
3. If the passcode screen appears, enter 1, 2,3, and 4 on the keyboard. You will now go to the ipad desktop.

4. From the desktop you can use the following apps:

Photos

Camera

Settings

Google Drive

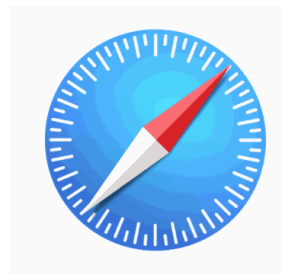

iReady

SeeSaw

Safari

5. Additional apps may be on your desktop depending on the school that issues the ipad

6. The following links may support you in working your ipad:
