

As we gear up for Summer School 2025, we want to share some important updates with you. These changes are based on new state guidelines around summer school and graduation requirements for Indiana diplomas.

- **Credit Recovery:** Prescriptive courses designed for students who have previously taken and failed a course. These will be offered **in person only** for academic support from licensed teachers on APEX.
- **Core Graduation Requirements:** **In person classes on APEX with academic support** for students who are behind on credits in essential subjects required for graduation **or** classes needed for students to enter specific work-based or pathway completion tracks according to their 4 year plans.
- **Economics and Government:** These will be **in person teacher-led classes only**.

Summer school will run only in the mornings, from **7:30 to 11:30 a.m.**

We understand these changes may cause inconvenience, and we appreciate your flexibility as we adapt.
