Ooh I, I just woke up from a _____.

Where you and I had to say goodbye

And I don't _____ what it all means

But since I survived, I realized

Wherever you go, that's where I'll _____

Nobody's promised tomorrow

So I'ma love you every night like it's the last night

Like it's the last night

If the world was ending, I'd wanna be _____ you

If the party was over and our time on Earth was through

I'd wanna hold you just for a while and die with a _____

If the world was ending, I'd wanna be next to you

Oh, lost, lost in the words that we scream

I don't even wanna do this _____

Cause you already know what you mean to me'

And our love's the only war worth fighting for

Wherever you go, that's where I'll follow

Nobody's promised

So I'ma love you every night like it's the last night

Like it's the last night

If the world was ending, I'd wanna be next to you

If the _____ was over and our time on Earth was through

I'd wanna hold you just for a while and die with a smile

If the world was ending, I'd wanna be next to you

Right next to you Next to you Right next to you

If the world was ending, I'd wanna be next to you

If the party was over and our time on _____ was through

I'd wanna hold you just for a while and die with a smile

If the world was ending, I'd wanna be next to you

If the world was ending, I'd wanna be next to you

I'd wanna be next to yo
