

# Find It!

In this activity, you will implement a search plan to locate sources on your topic.

**Instructions**

*Remember:* Successful researchers will use more than one search tool and sift through multiple sources before settling on the ones they will use.

**Tools**

- Use the **Librarian’s Favorites** for this assignment
  - [Occupational Outlook Handbook](#)
  - [CareerOneStop](#)
  - [O\\*Net Online](#)
  - [PrepStep](#)
  - [Statista](#)
- Or, select off your [Composition Research Guide](#)
- Or, try the Library’s [A-Z database list](#)

**Strategies**

- Use different search strategies to find sources, including:
  - Keywords / search terms
  - “Exact phrase”
  - 3 Magic Words (and/or/not) [called “Boolean” in library jargon!]
  - Filters and Limiting

- Find the suggested **MLA citation & paste it in.**

**Pro Tips**

- Be **flexible** by trying different search terms or keywords.
- Be **persistent** by trying a different tool if one isn’t working so well.
- Ask for help** if you need it! You have **lifelines = each other; instructor; librarian; chat with the library at <https://library.nwacc.edu/home>**
