- ❑ **7:30 -- CREW CONNECT** || Live Check-in, Attendance, Launch, & Review Schedule || Google Meet
 - ❑ Students are expected to join their CREW live via Google Meet to connect each morning. This will be the first of two attendance checks for the day. It will also allow them to connect with their CREW leader and classmates, maintaining the relationships and connections that have already been established. CREW leaders will launch students into the day, review expectations, discuss the schedule, and offer any needed support.
- ❑ **8:00 -- MATH** || Live Availability for Content, Lesson, & Instruction Support || Google Meet
 - ❑ All **Math** teachers will have a Google Meet established for students to join at 8:00. While instruction will be in the same format as we are currently doing, maintaining consistency, teachers will be available to go through the lesson with students, offer support, answer questions, and aid in work completion. It is expected that if students join at 8:00, or if they choose to join later, that they have then watched the lesson/video in advance.
- ❑ **9:00 -- SCIENCE** || Live Availability for Content, Lesson, & Instruction Support || Google Meet
 - ❑ All **Science** teachers will have a Google Meet established for students to join at 9:00. While instruction will be in the same format as we are currently doing, maintaining consistency, teachers will be available to go through the lesson with students, offer support, answer questions, and aid in work completion. It is expected that if students join at 9:00, or if they choose to join later, that they have then watched the lesson/video in advance.
- ❑ **10:00 -- ELA** || Live Availability Content, Lesson, & Instruction Support || Google Meet
 - ❑ All **ELA** teachers will have a Google Meet established for students to join at 10:00. While instruction will be in the same format as we are currently doing, maintaining consistency, teachers will be available to go through the lesson with students, offer support, answer questions, and aid in work completion. It is expected that if students join at 10:00, or if they choose to join later, that they have then watched the lesson/video in advance.
- ❑ **11:00 -- SOCIAL STUDIES** || Live Availability Content, Lesson, & Instruction Support || Google Meet
 - ❑ All **Social Studies** teachers will have a Google Meet established for students to join at 11:00. While instruction will be in the same format as we are currently doing, maintaining consistency, teachers will be available to go through the lesson with students, offer support, answer questions, and aid in work completion. It is expected that if students join at 11:00, or if they choose to join later, that they have then watched the lesson/video in advance.
- ❑ **12:00 -- ELECTIVES** || Live Availability Content, Lesson, & Instructional Support || Google Meet
 - ❑ All **Elective** teachers will have a Google Meet established for students to join at 12:00. While instruction will be in the same format as we are currently doing, maintaining consistency, teachers will be available to go through the lesson with students, offer support, answer questions, and aid in work completion. It is expected that if students join at 12:00, or if they choose to join later, that they have then watched the lesson/video in advance.
- ❑ **12:45 -- CREW CONNECT** || Live Check-Out, Attendance, Launch, & Support || Google Meet
 - ❑ Students are expected to join their CREW live via Google Meet to connect each afternoon. This will be one of two attendance checks for the day. It will also allow them to connect with their CREW leader and classmates, maintaining the relationships and connections that have already been established. CREW leaders will conclude the day with students, review daily content if needed, discuss any assignments, and offer any needed support (this may include guiding them to content support hours).
- ❑ **1:00 -- LIVE SUPPORT TIME** || Google Meet
 - ❑ This time is dedicated for students to review a lesson (after watching the video), receive additional support, seek clarity and understanding, or review an assignment with their teacher. CREW leaders may assign students to this content specific support if needed.

****NOTE:** Lunch, planning and break are embedded within schedule. See below for a possible schedule.

ADDITIONAL NOTES & REMINDERS:

MONITORING, ENGAGEMENT, PARTICIPATION:

- This work, as we go virtual, will certainly have to be a team approach for the ultimate success of our students. Teachers will continue to create content, assign tasks/assignments, and be available to support your child through the learning. Students will need to maintain a **schedule, watch and engage in** the prepared content, and then take ownership for **completion and submission of any assignments** or tasks.

ATTENDANCE:

- Attendance will be taken two times a day during their CREW Connects. Students must be present and engage for attendance to be counted.

GRADES/CREDIT:

- Students will be issued assignments, assessments, activities, projects, and/or tasks for their respective courses that they will be responsible for completing and submitting via Google Classroom or Schoology (depending on teacher platform). All submitted content should be done in a timely manner and by the assigned due date. Teachers will share content, reading materials, links, homework, quizzes, tests, etc. in the same format that students are accustomed to each day within their CREW classrooms or as they have been doing at home as a virtual learner. To support this, teachers will share a lead, focus slide that has the target for the day, tasks/work for the day, and then any homework or assignments to be completed. **Grades will be assigned.**

CREW & CONTENT LINKS:

- [This link](#) will be populated by November 30 with all of your student's CREW leaders' and content teachers' meeting links. This will also be communicated and shared with your student via their teachers.

ROUTINE, COMMUNICATION & SUPPORT:

- Students and parents/families are encouraged to develop a **routine** to support learning and success during these times. Students will be expected to **connect** with their CREW leader each morning, followed by engagement with the content, reaching out to their teachers for support, and then connecting with their CREW again in the afternoon. If there are content specific challenges that students are faced with, they should be joining the content teachers' Google Meet and seeking support. If concerns, student updates, or any related information regarding your student arises, please contact your child's CREW leader, just as you would normally. [Here is the link](#) with teacher support and CREW meeting links.

TECHNOLOGY & MATERIALS EXPECTATIONS:

- Students are responsible for the wear and care of the assigned chromebook. They are responsible to have it **charged** and ready to use each day. Note that GoGuardian will provide a layer of safety and filtering; it will also allow teachers and administrators to monitor engagement and notify the district of any inappropriate websites. If chromebook issues arise (mic, keys, camera, etc.) and you are unable to solve the issue, please connect with your child's CREW leader to submit a technology ticket, then you will visit the technology depot at the Administration Office between 8:00am-3:30pm to receive additional support and/or device.

FOOD SERVICE & MEALS:

- Food pick up will be available for students. This will occur at MSMS on Wednesdays. This is the [meal sign up form](#). Please watch for communication from the district and from the middle school for any possible changes and shifts.

ATHLETICS & EXTRACURRICULAR:

- At this time, all athletics and extracurricular activities have been paused. We will continue to work with and follow guidelines from the MHSAA and be in collaboration with our high school Athletic Director. Mr. Nummendor will be in contact with coaches, players, and families, as needed. Any shifts in extracurricular activities will be communicated by that particular leader and/or Mr. Ammeraal.
