How Do We Do It?

Traditional sellers often markup their prices to cover costs associated with buying and shipping low-quality products from China. At Ice From North, our designers and craftsmen unite in our Italy branch to ensure you experience the epitome of luxury and art with transparent pricing.

Why Italy?

Having scoured the globe for exceptional artisans, we found that nothing compares to the mastery of Italian craftsmanship. That's why we source our jewelry from Italy, promising you top-class quality and elegance whether in 5-star hotels or Oslo's nightclubs, you deserve to wear luxury anywhere you want.

Keep in Mind

Our brand is a mark of prestige, tailored for those who lead and set trends. Ice From North offers the best value in the Norwegian luxury market. We've beaten every other brand in terms of quality, variety, and price. We're the choice for top individuals like you.

Shop Ice From North's best sellers and wear Italian luxury without emptying your wallet.
