

Privacy Policy for Share and Find Last updated: May 2026

Indimus Innovatives LLP ("we", "our", or "us") operates the "Share and Find" mobile application. We are committed to protecting your personal privacy. This Privacy Policy explains how we collect, use, and safeguard your information when you use our app.

1. Information We Collect

- **Contact Information:** When you register or create a post, we collect your phone number and email address to verify your identity and protect against scams.
- **Location Information:** We collect city, district, and state details that you voluntarily provide to show relevant community items.
- **Media:** If you choose to upload a photo of an item, it will be securely stored in our cloud database.

2. How We Use Your Information

- To facilitate connection, communication, and item exchanges between community members.
- To prevent fraud, fake claims, and maintaining app security.
- We DO NOT collect any payment details or process financial transactions. This app is 100% free.

3. Sharing of Your Information Your posted contact info (phone or email) is only visible to other users who wish to claim or verify an item. We never sell, rent, or share your data with third-party advertisers.

4. Data Retention and Security Your data is securely stored using Google Firebase Services. You can delete your posts or your account settings at any time from the app.
