

Ban request for AmazingGameBoy

Reasons are:

- Odd and fetishistic behavior {specifically towards/around minors}
- Actual pedophile {confirmed by a victim}
- Has shown past disrespect for roleplay rules and other people in general

"Odd and fetish-like behavior {specifically towards/around minors}"

- Made several minors uncomfortable by requesting what they viewed to be fetish-ish art, in where he would ask to squish/touch their toe beans, drug them via catnip, pet them, and talk to them with demeaning language {despite vocalized discomfort from the owner of said character}
- Uses childish language to describe characters that are stated to be over the age of 18 in an attempt at infantilization, where he would use childlike language and attempt to pet/praise the character in the way you would a child. This tends to happen with characters that look like children, but are stated to be adults, or are anxious/generally seen as "helpless"
- Has made a multitude of people uncomfortable with their language and actions {especially with the comment in the 6th image}

Another thing too was that he always seemed... really pushy

Especially with [REDACTED] At least publicly

I remember that time I literally told him that the face [REDACTED] had blocked out for a 100 expressions thing was an ahegao look and he still asked [REDACTED] if [REDACTED] could draw it

That's... not funny bro

Nobody laughed.

Amazinggameboy 10/08/2024 16:01

now that I think about it, how *would* they maul me? wouldn't it be like a cripple or any physically inept/disabled person trying to fight a healthy person?

"{Alleged, for legal purposes} pedophile"

"Has shown past disrespect for rules and other people in general"

- Self-explanatory; has shown a staggering amount of disrespect to several people they've roleplayed with concerning their characters, their stories, and their autonomy
- Dismisses ideas which don't immediately conform to his idea of what the roleplay should be and will attempt to force people to do stories his way
- Has been kicked/banned from servers due to his abhorrent behavior

well you gotta play along if you wanna roleplay in a group - adapting to other people's style is apart of rping

Amazinggameboy 01/20/2023 3:27 AM
and no I don't mean slowness of people busy with their IRL lives, I mean, the characters are really kinda... not *mean* per say but, I can't help but think they just don't like Jin

01/20/2023 3:27 AM
I've adapted to your style in our own Rp, you have to do the same for others
Oh yeah, I actually pointed that out to [redacted] in a call - it seemed like we started with an immediate level of distrust towards [redacted] and especially Jin

Amazinggameboy 01/20/2023 3:29 AM
well that kinda makes *me* not want to respect them in return

01/20/2023 3:29 AM
But [redacted] then pointed out that it's because you *opened* with *bragging* very *unnecessarily* about being related to one of the other adventurers through *dating*, who were then heavily implied to be related to the suspicious figures sending them on the trip

Amazinggameboy 01/20/2023 3:30 AM
and / tried to say he wasn't BRAGGING, he was trying to EXPLAIN where he got his last name from!

01/20/2023 3:30 AM

Amazinggameboy 01/20/2023 3:30 AM
wha?
what do you mean "in rp", he DID get his last name from them IN the rp!

01/20/2023 3:30 AM

Amazinggameboy 01/20/2023 3:31 AM
what are you talking about?

01/20/2023 3:31 AM
the [redacted] comes from dating [redacted] is a *meta* thing. We as *roleplayers* decided that *outside of the rp*. It is *not* true in the RP world (edited)

Amazinggameboy 01/20/2023 3:32 AM
what does that even *mean*?

01/20/2023 3:32 AM

Amazinggameboy 01/20/2023 3:32 AM

Amazinggameboy 01/20/2023 3:39 AM
well how do we fix this?

[REDACTED] 01/20/2023 3:40 AM [REDACTED]
We can't. It's in the past and already happened. You need to make up for it by making sure Jin is *friendly* to the rest of the party they will not be outright hostile to Jin and I'll have [REDACTED] backing him up, though it will take some time

Amazinggameboy 01/20/2023 3:40 AM
I don't remember if I mentioned this or not but, if I didn't know about something? I will NOT take responsibility for it

[REDACTED] 01/20/2023 3:40 AM [REDACTED]
Tough shit - it is not *my* fault that *you* forgot.
Because I *had* told you these things - you *did* know. Then I made the mistake of trusting your memory.

Amazinggameboy 01/20/2023 3:41 AM
its a sore problem I think shouldn't have any consequences, like when your a kid that didn't know what you were doing is wrong and get punished for it anyway, yea, I call bullshit on that

[REDACTED] 01/20/2023 3:41 AM [REDACTED]
that's on *you*.
you're not a kid though
