Supply List

Computer 101 for Machine Embroidery

Instructor: Liz Thompson

****Computer, your embroidery machine, power cord, extension cord and powerbar and USB stick are ESSENTIAL. We will not be doing embroidery but we need your equipment to ensure you understand how to navigate on your computer and embroidery machine to make it a lot easier to find designs and get them to where you can start stitching.***

We will also explore the screen icons on your embroidery machine to ensure you know when & how to use them to get the most use from your machine.

You do NOT need fabric and thread for this class. Although do bring one of your hoops as we will use this for some of your machine features.

· **Optional:** your own chair and/or cushion to sit on, light

- Please put your name on all your supplies.
- If you do not have access to any listed supplies please phone or email your order to us ahead of time to ensure your supplies will be waiting for you when you arrive at the conference at our on-site store. If you are attending virtually please order by April 15.
