Practice your sounds, list, sight words and book or passage each evening

**Welcome!**

Hi boys and girls!

Welcome back to school and especially back to small group reading!

I will be working with you for 30 minutes each day on Monday-Thursday. You will need to be prepared each day. You will have a bag to take home and bring back to school each day. It will contain your word lists, sight word cards, and a book or a story to read. Every night you will have a small amount of homework. You will need to practice the word list and sight word cards until you can read each word fluently. Also, you may have a book or passage to read. Please read it with your parents, then practice reading it by yourself. It is important that you do your homework because each day's lesson builds on the previous day's lesson. Your parents should sign each evening that you have completed your homework.

I am looking forward to working with you this year!
