

## **Web Design**

### *Introduction*

Directions: Watch the Video with the class, "[Message of Hope.](#)" Once we are done watching the video please contribute to the [class Padlet](#). On the padlet please include one happy moment you will remember from 2020 and one not so happy moment you will remember from 2020. With your post include a visual to represent HOPE for the times to come using ADobe Spark.

I know it may be difficult to share the not so happy moment but by sharing the harder moments we grow from them and we learn that it is ok to have hard moments. Please share at whatever level you feel comfortable.
