

ALL-UKRAINIAN SCIENTIFIC AND PRACTICAL CONFERENCE
WITH INTERNATIONAL PARTICIPATION

“Genetics Today – Integration into Clinical Practice”

Dear colleagues!

On **26–27 November 2026**, the All-Ukrainian Scientific and Practical Conference with International Participation **“Genetics Today – Integration into Clinical Practice”** will be held in memory of Corresponding Member of the National Academy of Medical Sciences of Ukraine, Professor **Olena Yakivna Hrechanina**.

Conference organizers — **Kharkiv National Medical University, the Ukrainian Institute of Mitochondrial and Epigenomic Medicine, and the Municipal Non-Profit Enterprise of the Kharkiv Regional Council “Interregional Specialized Medical Genetic Center – Center for Rare (Orphan) Diseases.”**

The conference will bring together specialists in medical genetics, pediatrics, obstetrics and gynecology, immunology, pharmacology, laboratory diagnostics, and other fields of medicine to discuss modern approaches to the diagnosis, treatment, and prevention of hereditary and rare diseases.

Main areas of the conference include:

- ◆ clinical genetics and modern genetic diagnostics;
- ◆ molecular and genomic technologies;
- ◆ prenatal and neonatal diagnostics;
- ◆ diagnosis of rare (orphan) diseases;
- ◆ multidisciplinary patient care;
- ◆ personalized medicine;
- ◆ modern approaches to the treatment and prevention of hereditary disorders;
- ◆ international experience in organizing medical genetic care.

Official languages of the conference: Ukrainian, English.

Forms of participation:

- presentation in a hybrid format (up to 20 minutes);
- poster presentation (electronic format);
- attendee.

Special attention at the conference will be given to **the exchange of practical experience, discussion of current clinical cases, development of interdisciplinary collaboration, and the search for new ways to improve medical genetic care in Ukraine.**

The conference will serve as a space for **professional dialogue, scientific collaboration, and bringing together specialists** working toward timely diagnosis, effective treatment, and improved quality of life for patients with genetic and rare diseases.

In-person and remote participation is planned for specialists from Ukraine and other countries.

Date: 26–27 November 2026

 **Venue and exact time:** will be announced later, given the security situation.

In accordance with Order of the Ministry of Health of Ukraine No. 650 of 16 April 2025 “On Approving the Procedure for Attestation of Healthcare Workers and Amending Certain Orders of the Ministry of Health of Ukraine,” registered with the Ministry of Justice of Ukraine on 28 May 2025 under No. 824/44230, provided that a conference participant gives at least 70% correct answers to the test questions prepared by the Organizing Committee, in proportion to the time of their participation in the conference (in academic hours), the corresponding number of continuing professional development points will be awarded and a certificate will be issued in the established manner, for recording in the personal educational portfolio and for consideration when assigning/confirming a professional qualification that entitles the holder to practice professionally.

The scientific program of the forum will be posted on the website after approval, in the established manner, by the Center for Education Quality of the Ministry of Health of Ukraine.

Rules for preparing poster presentations.

All poster presentations will be published on the conference page.

A clear scientific structure is recommended for the poster:

Title of the work (large font, legible from 2–3 m)

Authors, affiliations

Introduction

Aim

Materials and methods

Results

Discussion

Conclusions

Contacts (e-mail)

In accordance with EACCME rules, authors must disclose conflicts of interest on their posters.

When presenting patient data and information (including photographs), authors must have informed consent that complies with the current legislation of Ukraine.

Poster presentations in .pdf format should be sent to the organizing committee’s e-mail address **kharkivgencenter@gmail.com** with the subject line “Poster presentation” by 16 November 2026.

Participation in these events is free of charge.

Please watch for further announcements regarding **the conference program, terms of participation, submission of materials, and registration.**

We remember. We carry on. We advance genetics for the future of Ukrainian medicine.
