

Electrical 12/7

*All quantities of items are in the (parentheses) then the name of the tool **bolded** and Underlined

(1) 3/4" heat shrink: we need this since we have run out reterminalizing the batteries and do not need a variety set since all of the quantities of the other heat shrink is fine

(1) Velcro strips: these would be for wire organization since they would be much easier to detach for quicker troubleshooting, especially for competitions, while not coming apart on their own. Additionally, having Velcro strips that we can reuse would reduce the number of zip ties we would have to purchase in the future.
