Colour Guide (for who's talking):

TC, **Sera**, **VampireKitty**, **Rylae**, **TideKeeper**, **Mr-Pink**, **KampferWolf**, **CAThulu**

G'day! Well then... a bit of an insane week of watching the world slip into more chaos and disorder. <_< Um... well on the upside, the Economist group finished their Most Livable Cities ranking for 2017, and Canada and Australia dominate it:

<http://www.cnn.com/travel/article/worlds-most-livable-cities-2017/index.html>

Probably because things are *not* crazy in both nations. Not crazy is good! Also this week, finished my on-call rotation, so looking forward to getting the new kayak on the water this weekend... hopefully without a mishap (ever, ever again... guh). Perhaps I'll have some pics to share for next week.

Got a handsome gryphon for today's guest - and he definitely likes sharing those feet of his. Next week, hopefully a very macro cheetah. ;) On with the show!

TC's Random Music Pick

[Cher - "Believe" - 1998](#)

Genre: Pop

Yep... living music legend Cher released this almost 20 years ago now - hard to believe! Even if that's the name of the song, heh. This was the lead song on Cher's 22nd.... yes, 22nd album. It struck a new and different tone from some of her prior work as she decided to put out something to appeal to younger generations, and that clubs would latch onto, and boy oh boy, did they. It went quadruple platinum and went on to join the list of one of the best selling singles ever. For an artist in her 4th decade of producing music, it showed the world Cher was still as good as she ever was and a force to be reckoned with. It also cemented the term "Goddess of Pop". And she is STILL performing and making albums. She does shows all the time in Vegas, [like this one \(click click\)](#). And um... keep in mind, she is **71 years old** in that video! Annnnnnyyyyway... Believe is my favourite song of hers, and it had SUCH a good sound for the day.

Mr-Pink's Random Music Pick

[Alesso - "Payday" - 2015](#)

IT'S PAYDAY 2'S 4TH BIRTHDAY!!!!!!!! *party blower*

And for those of you that know me Payday is my true love in life (apart from peets) I even have the payday gang tattooed on me and have the masks irl and the makers of the game follow me on twitter :p but enough bragging. This song was added in a tie-in heist with a song artist and the heist itself was pretty crap the song is quite beast so here it is.

Open for Sales/Commissions

NOTE: Just because an artist is not marked with "paw-friendly" doesn't mean they don't draw paws - just that I'm not sure if it's a theme they do a lot. I try to use that indicator when the artist is known to draw paws a lot, or has confirmed they don't mind the subject.

Okay first, let me get something out of the way: **AGGHHH!!! Micro-Loki is so adorable!!!**

Alright... better. :) Super-cute-Loki is being playfully held in the super-sexy footpaws of our very own Corvus the kitty-rat. Corvus has really, really, really amazing footpaws - I love the design, and of course, I do perhaps have some extreme bias here as Corvus (VK) and Loki are both very awesome friends..... but... hey, this whole Paw-Post is basically based on my personal bias. :P It's easy to imagine Corvus wanting to playfully snatch up a little Loki in those dexterous toes and watching him get all blushy and happy at being held by such nice feet, and smiled at by such a pretty lady. And Corvus in turn would surely be enjoying those adorable Loki-feets waving helplessly around at her too.

And worth pointing out too that in that close up, the left foot looks amazing at that angle, and **that** is not easy because that angle only looks good if the toes have a perfect taper to them (IE, not too much, not too little).*

Character Summary/History:

It all seemed to kinda start back when I was into the Angry Birds fandom. I kinda entered FA as my Red birdsona. The looks have changed over the years as I got used to the fetishes that surround it. There was even a Silver movie version of my birdsona. Hell, I even had an old gryphon form I usually had back then! When the time came for another revision, it was at that moment that Kronas on FA happened to notice the many wrong things on an old ref sheet of mine, he then took the time to make a better looking gryphon which is what you see today. I had to thank him for that. Now, I look quite proper.

Commenting on Images:

So, the comments I'd usually get are some of praise and even willing micros to be my insoles. Like, I didn't even notice that when I commission some popular artists who do so, I get lots of watches and comments. Even sometimes beating the original artist's views after uploading it! So yes, I'd sometimes be that awkward gryphon sometimes when I comment on others' submissions, but of course, I'm curious on new things. So, I appreciate the comments you give to me on my submissions, but at least it helps to understand better oh what people are sometimes.

Some Q&A:

(TC) Hello Justin - welcome to the Paw-Post, and thanks for taking time to come sit and interview with us! I ... think you're our first gryphon thus far. And you're a gryphon who is a bit more avian-sided than others, I see. *nods at the scaled lower legs and feet* Was their more avian on one side fo the family than the other?

(Justin) Well, thank you very much, TC! It's a pleasure for me to come along on this fine day! So yes, me being the first gryphon to come along on the Paw-Post makes it quite interesting! Hopefully others can join along sometime soon. And yes, I'm more avian than what you think. It's usually of the feather design and all. But of course, I'm good on that. *I was wearing my clothes, which comprises of a green sweater, and some shorts. I was wearing sandals for my paws, and I have a brown bracelet-like band on my left wrist.*

(TC) Pretty patterns at that. So... of course we're going to talk about those lovely footpaws of yours a bit. First off, I love the sandals you often where - I think they really highlight the look of your feet. Do you always wear them to keep your feet nice and protected?

(Justin) Well, not as often, but of course, it helps. You want me to take them off later, so that I can show you what I mean? Or that you really wanna see them? *I smile as I wiggle my toes on the floor.*

(TC) *stares happily at the wiggling toes* Mmmf... I would love to see some sole in a bit, sure! So... first bit of curiosities with the feet - you do seem to know you have attractive ones - are feet/footpaws something you're into yourself, besides the nice pair you happen to have?

(Justin) Of course! It's fun to see others' paw formations, and that how beautiful they can become! I mean, sure there's some generic paws, but when I see unique ones out there, it's more fun that you think. I'm sure that many haven't seen the full potential of them yet! It's one of those things that makes it all fun! *I notice TC starting at my wiggling toes* Hmm? You looking at mine too? :3

(TC) Of course - you'd know it was an imposter interviewing you if I wasn't staring at the feet constantly. XD And yes, I love unique footpaws too - it's neat to see a pair that stand out. So what are some of the things about footpaws you like most - can you explain?

(Justin) Well, what do you mean by that, exactly?

(TC) Well, what are some of the aspects of footpaws that appeal to you - certain aesthetics? Types? Species? Texture? Scent? Scenarios? That sort of thing.

(Justin) Well, TC. It goes how it wants to go. But of course, I'm more into the scent, species, stuff like those. Of course, I mostly go for bird feet/ *I giggle lightly and blush over it*

(TC) Very nice. :) So do you have friends or mates that you share your footpaws with for those sorts of things? Or share in theirs too?

(Justin) Well, for sure! I can list their names out, along with their links. But I've yet to wonder... *gets out my phone* How does my phone, that usually is connected to the real world's mobile networks, get the same cellular signal here in the furry world here? I'm kinda surprised about this... XD

(TC) MAGIC. <_< So do you just kinda let your friends enjoy those neat footpaws of yours as they will? Or do you take a more dominant position and define how they can have them?

(Justin) Well, to answer that, TC, I'm a Switch, which of course, I can be both a submissive and dominant one. And did I forget to mention I have size abilities, plus powers I call Sparks? ^w^ *I surprisingly shrink to run over to his dragon-dog paws, under the table*

(TC) Oh? Well... *blinks as he shrinks away* Uhh.... *lifts one of his own paws slightly* Heh... well now, isn't that a handy power. Do you uh... use this to enjoy footpaws often?

(Justin) Well, of course! *sees one of his own paws lift up, and I was amazed at his sole design, with a hybrid of a dragon and dog.* It's fun every way. Hey, I'm down on the floor under the table! X3

(TC) *chuckles* Thought so. Yes - my footpaws have both pads and a ventral-scale surface on the soles - results in a unique texture, taste and scent for each area I suppose. Hey - can you go back to normal size again? Otherwise I might lose you under a paw and the interview will be on a time-out. *laughs*

(Justin) Oh, right. *starts to grow, but ends up being bigger than imagined* ...oops. Sorry about that... ^^;

(TC) *looks up at him* Heh... I see "regulation" of that power is still a bit of an issue. So what about those soles of yours - despite the Avian-ish feet, you have paw-pads hidden under those sandal soles, right?

(Justin) Well, why don't you find out for yourself by removing these sandals, with this big size?

(TC) Now this is a job I don't mind doing. :D *gets up to help unhook one of the now very large sandals and slip it off the huge avian-like footpaw, unable to help but notice the amazing details of the scaled tops and their scent in the air*

(Justin) *When TC finally manages to get one of the sandals off, my whole footpaw was revealed.* So, what we got here is usually different than what others would imagine. The toes don't usually have pads, but of course, that's optional, because I kinda have my paws shaped almost to a lion. The reason that there are no pads on my toes is because of the big claws you see on my toes. On the ball of my paws, there is none, but on the middle, you can see that big pink pawpad. You told me before about the paw classification, and said I'm something of a C3. Sure, that's what my paws are, and of course, it's a plantigrade shape. Overall, it's fun. *I wiggle my big toes in a teasing manner to show TC what I mean*

(TC) *whines and stares at the big toes waving before him - the scaled skin between them moving and flexing in a wonderfully alluring way* V...very unique.. A nice blend of pads and no pads. *forces himself away to go sit back down* Mmf...so... when it comes to liking footpaws, does that extending to liking your own as well as others?

(Justin) Well, of course! It's the fun of it all! So, you want me to shrink to normal, or you wanna put back on my sandal? *gets an idea* Say, do you mind looking at the pawprint in the sole there of the sandal?

(TC) Uh, sure. *picks up the Sandal, currently nearly as big as me. It's still warm from Justin's sole being on it with a very clear darker area on the leather where his foot pressed into it thousands upon thousands of times, and even bore the rich scent* Huh... it's um... *cheek puffs* It's... kinda sexy in of itself, isn't it?

(Justin) Well, to some people, yes it is. Even with me. Do you seem to like it, perhaps? X3

(TC) *nods nods* Mmm very nice. I've always found scent to be one of the most amazing features of footpaws. Long as it's born of a clean footpaw and just... time and body chemistry,

it's amazing. It's different for everyone - unique to the individual - and unique to species too. Heh - but as I've come to know from a lot of these interviews, it's a subjective thing - some like it, some don't. Do your friends enjoy the scent of yours?

(Justin) Well, it depends on who's smelling it. Of course, that's what they are. But you don't mind being subjected to be doing so? I mean, sure, I've come across insoles too... :3

(TC) Heh, I guess it depends on who's asking and how they care for their footpaws. I don't mind if the circumstance is right and it's all consensual. So what sort of hobbies do you have - paw related or not?

(Justin) oh! Well, I don't usually have much, besides me being big and all, sometimes finding micros for insoles.

(Justin) And yes, even roleplay and brainstorming count.

(TC) Lucky micros. *chuckles* Well, do you have any advice for micros or other folks who might want to get a close look at those unique soles of yours?

(Justin) Well... *wiggles toes again* They can come over to have a feel of my paws, get stepped on, or I can pick them up and be put in my sandals as my insoles. It's fun, either way. :3

(TC) Do you ever have friends or fans just want you to be normal sized so they gave give you a nice paw-rub? :P

(Justin) Well, of course I do! Many of them are even my watchers too. *does a songbird chirp*

(TC) *blinks* Uh... we're not going to get attacked by a ton of birds who mistake them for war-rally cries, are we?

(Justin) Hopefully not. ;) Besides, I'm a big fan of Angry Birds. Hell, I've seen Red, Chuck, Bomb, and a few others come here too.

(TC) Ah HA.... see you do have hobbies - video games. *laughs* Yeah, fun game - played it a bit when it came out, but since I don't have a tablet or smartphone, I only did a bit on friends' stuff. Do you play a lot of games?

(Justin) Well, not really. Depends sometimes.

(TC) Alright, we should round things up here - is there anything you would like to say to the Paw-Post readers and any of your watchers and fans?

(Justin) Well! Glad you can say so! *I reach over to grab the sandal TC seems to me holding onto and puts it on* So, fans! Glad you're able to read on how I am, and what I am! If you want, you can check out my Twitter, where I mainly tweet stuff on Angry Birds and such! Sure, many

are on FA, but you can check that out too for many macro/micro stuff I sometimes commission on! *starts to get up, with TC on my sandal, hanging onto my paw, enjoying the scent* And hey, if you happen to find me, feel free to say hi! I won't mind meeting up with you in many sizes, and it can be fun! Hey, thanks TC! Catch ya later. *I then spread my wings, and take off, flying back to my house after a good interview, with TC being the one to remember in my brain, as my good paw friend. ^w^*

smirks I'm.... gonna end up one of his in-soles if I visit, I bet. Ahem - well anyway - go check out some the pics of Justin and I'm sure we'll see more of this handsome gryphon around over time, and those awesome sandaled paws. Hope everyone has a fun and safe weekend - catch you next week!
