

Presents:

Spring Break

The Pilot Club (TPC) invites you to fly in or out of one of the following airfields for a chance to earn some TPC POINTS! All you need to do is find a job ferrying partiers to popular Spring Break locations. This event will run for 2 weeks from Mar 2-12. You can request 1 GA and 1 Airliner. We will award **100 TPC points** for each destination airport you visit.

*(TPC Management reserves the right to ferry your existing rented airliner for this event or cancel your current rental - TPC Charters will rent a new GA aircraft for you. **TPC Charters will not ferry aircraft once the event has begun**)*

Join the TPC Charters team as we take a well needed break and ferry college kids to popular spring break locations, and make some money for our Virtual Airline along the way. There will be numerous GA and Airliner destinations for you to visit during this 2 week event. The goal is to take passenger only jobs, but this is not a requirement.

Vatsim coverage is not guaranteed but feel free to fly on the network if you wish. You are not required to fly on the network for this event.

Fly In Thursday to Start the Event

We have made arrangements with the TPC Event team and the Miami ARTCC to kick off the event with a special Fly In Thursday. Miami International (KMIS) and Miami Executive (KTMB) will be on the destination list. Plan your routes now.

Departure Locations:

You **do not** need to depart and/or return to these airports between destination airports. These FBO's will be set up with multiple jobs going to the destination airports however. No points will be awarded for departing from these locations.

Airport	City	ICAO	Runway Length
Sacramento Executive	Sacramento	KSAC	5500
