Rio Rico High School Athletes Recruited for Next-Level Sports

Santa Cruz Valley Unified School District No. 35 is proud to announce that Kiana Garcilazo and Elian Olmos were recruited to play ball at the next level.

Garcilazo will play softball for the Central Arizona College Vaqueros where she will focus on general studies until she decides on a major.

"Kiana is a very special athlete. She comes from a long line of players. She loves the sport of softball and it shows through her dedication and hard work. It has been an absolute honor being on the field with Keeks. I wish her all the best in her senior year of high school and most importantly in her collegiate career." Softball Coach Rafael Corrales

Olmos will play baseball for the Arizona Western College Matadors where he will study criminal justice. In his junior year, he batted .298 in 84 at-bats with 4 doubles, 1 triple, 2 home runs and 15 RBIs.

"Western is getting a young man that has many intangibles that will make an immediate impact at the collegiate level. He has grown as a leader and understands what it takes to W1N. The trust I have built with him over the past year and a half speaks volumes for his ability to buy in to core values of any program. Elian's baseball ability speaks for itself. It has been a pleasure to be a part of his development, and I look forward to what he will accomplish at the next level." Baseball Coach Chris Laughland
