

Letter Template: Opportunities For Collective Action

Dear **[City Council / Mayor / Board of Selectmen / Zoning Board]**,

My name is [Your Name], and I am a student at [Your School]. I am writing to ask for your help in making our city better for everyone.

First, we need more **affordable housing** so that all families have a safe place to live, no matter how much money they make. When everyone has a home, our whole community gets stronger.

Next, we think **intergenerational programs** are important because when young people and older people spend time together, we learn from each other. Please help us create more spaces where different generations can meet, share, and work together to make our city a better place.

Finally, we need more **public school funding** so kids like me can have more chances to learn about working together. With more resources, we can learn how to make big changes by working as a team.

Here is a picture of all of us working together:

Collective Action! *Affordable Housing + All-Age Events + Strong Schools*

Thank you for listening. I hope you can make these changes to help our community grow and stay strong!

Sincerely,
[Your Name]
