

How to know your 2022-23 Student Course Schedules

Course schedules with details **ARE BEST VISIBLE** for your view in the AERIES student and parent portals. Here is how you can login to view.

Step 1: Login to AERIES

Visit our school website at www.sctritions.org and click on the icon that says “AERIES Portal.” Next, click the AERIES icon to access both student and parent login pages. ****Remember**** The email to login for AERIES is your **personal email address** you chose when you created your account. It is **NOT** your @capousd.org email address. (The @capousd.org email is for Google Network Login and Canvas only)

If you forgot your AERIES password, there is a button to click for “Forgot password” and it will send you a reset to your personal email address right away.

Step 2: How to Navigate your AERIES Dashboard

From your dashboard, click Classes (Then click classes one more time). You will now see your periods, teachers, room numbers and teacher emails. This is always your most current schedule. You can print a copy of the schedule at home by clicking on the tab that says “Classes.” Certain classes located in Period 9 are to help us communicate (you do not attend these). The Grade 9, Grade 10, Grade 11 or Grade 12 with “Nolan,C” is a way for emails and info to be shared on Canvas once school starts. The “Couns Contact” lets you know your counselor here at San Clemente. Other Period 9 courses help us recognize your involvement in programs such as TWI or IB.
