

# IXL Math Contract

Week of April 4th-8th

Due:

Level: G

Skill	Date	Time Spent	Problems Attempted	Smart Score
<b>J.1: Divide by Powers of 10</b> <a href="#">J.1</a>				
<b>Y.7: Choose the appropriate metric unit of measure</b> <a href="#">Y.7</a>				
<b>Z.1: Identify 2-dimensional and 3-dimensional shapes</b> <a href="#">Z.1</a>				
<b>Z.2 Types of Triangles</b> <a href="#">Z.2</a>				
<b>Z.7: Classify Quadrilaterals</b> <a href="#">Z.7</a>				
<b>Z.10: Similar and Congruent</b> <a href="#">Z.10</a>				

- 
- You should spend at least 15 minutes on EACH skill unless you reached a smart score of 100 before 15 minutes have elapsed.
  - If you reach a smart score of 80 at 15 minutes you may stop.
  - If you have not reached 80, you must stay on until you do, or until 20 minutes have elapsed.
  - You will not receive the maximum points unless you have followed directions!
  - \*If you stop at 20 minutes and have not reached 80 you will not receive the maximum points.....see your teacher for help, if needed, to get to at least 80.
