

Hello Von Class of 2025 Families and Students,

Happy new year! We hope you and your family are well. Based on inquiries from families and students, Von Steuben will be offering SAT Prep Classes at a drastically reduced price through [Test Prep Chicago](#). Test Prep Chicago is a reputable organization that has been providing test preparation for many years citywide. More recently, they have updated their preparation course to support students taking the new online adaptive version of the SAT. The course will be 8 sessions on Saturdays or 14 sessions twice per week. The first and last session for weekday classes must also occur on Saturday to complete a pre and post practice test.

Test preparation supports students in reviewing key skills and provides a curriculum that includes additional practice for homework. A student is able to improve their SAT score on average between 100 - 200 points depending on their dedication to preparing. We are proud to make this offering for Von families.
