

The Grove School

SHORT-TERM INDEPENDENT STUDY POLICY

The Grove School (“Charter School”) may offer independent study to meet the short-term educational needs of pupils enrolled in the Charter School. Independent study is an optional educational alternative in which no pupil may be required to participate and is designed to teach the knowledge and skills of the core curriculum. The Charter School shall provide appropriate existing services and resources to enable pupils to complete their independent study successfully. The following written policies have been adopted by the Charter School Board of Directors for implementation at The Grove School:

1. Short-term independent study is available for students in all grade levels and programs who will be absent for a period of a minimum of three (3) to a maximum of fourteen (14) school days. The purpose of short-term independent study is to accommodate travel plans, extended illness, or other extenuating circumstances that prohibit the student from accessing on-campus instruction. A student may not participate in short-term independent study pursuant to this policy for more than fourteen (14) cumulative school days in a school year. Further absences will be addressed in accordance with the Charter School’s attendance policy and may be considered unexcused and/or lead to truancy prevention measures, depending on the nature of the absence. Written requests for independent study must be submitted by parents to the Head of School at least five (5) school days before the anticipated start date of the short-term independent study, and must be pre-approved by the Head of School. Independent Study request forms are available in the main office.
2. For pupils in all grade levels who participate in short-term independent study pursuant to this Policy, the maximum length of time that may elapse between the time an assignment is made and the date by which the pupil must complete the assigned work shall be **ten (10) school days**.
3. The Head of School or designee shall conduct an evaluation to determine whether it is in the best interests of the pupil to remain in independent study upon the following triggers:
 - a. When any pupil fails to complete **three (3) assignments** during any period of **ten (10) school days**.
 - b. In the event Student’s educational progress falls below satisfactory levels as determined by the Charter School’s student evaluation process which considers ALL of the following indicators:
 - i. The pupil’s achievement and engagement in the independent study program, as indicated by the pupil’s performance on applicable pupil-level measures of pupil achievement and pupil engagement set forth in Education Code Section 52060(d) paragraphs (4) and (5).
 - ii. The completion of assignments, assessments, or other indicators that evidence that the pupil is working on assignments.

- iii. Learning required concepts, as determined by the supervising teacher.
- iv. Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.

A written record of the findings of any evaluation conducted pursuant to this policy shall be treated as a mandatory interim pupil record. The record shall be maintained for a period of three years from the date of the evaluation and, if the pupil transfers to another California public school, the record shall be forwarded to that school.

- 4. The Charter School shall provide content aligned to grade level standards that is provided at a level of quality and intellectual challenge substantially equivalent to in-person instruction.
- 5. A current written agreement shall be maintained on file for each independent study pupil, including but not limited to, all of the following:

 - b. The objectives and methods of study for the pupil's work, and the methods used to evaluate that work.
 - c. The specific resources, including materials and personnel, that will be made available to the pupil. These resources shall include confirming or providing access to all pupils to the connectivity and devices adequate to participate in the educational program and complete assigned work.
 - d. A statement of the policies adopted pursuant to Education Code Section 51747, subdivisions (a) and (b) regarding the maximum length of time allowed between the assignment and the completion of a pupil's assigned work, the level of satisfactory educational progress, and the number of missed assignments allowed before an evaluation of whether or not the pupil should be allowed to continue in independent study.
 - e. The duration of the independent study agreement, including the beginning and ending dates for the pupil's participation in independent study under the agreement. No independent study agreement shall be valid for any period longer than one school year. Pursuant to this policy, no student may participate in independent study beyond 14 school days in a school year.
 - f. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the pupil upon completion.
 - g. A statement detailing the academic and other supports that will be provided to address the needs of pupils who are not performing at grade level, or need support in other areas, such as English learners, individuals with exceptional needs in order to be consistent with the pupil's individualized education program or plan pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C.
