Play the PSum Game!! (For Desktop Computers ONLY)

<http://www.flowlab.io/game/play/568770>

Let me know what ya think!

Use the mouse to click anywhere inside the game world to begin, and to click alert buttons.

Use the directional pad to get PSum through each level, while collecting bonus material along the way.

Get a free music download upon completion of each level!

Don't fall in pitfalls, don't fall on spikes, don't hit enemies, and don't get hit by enemies.

Bounce to victory!

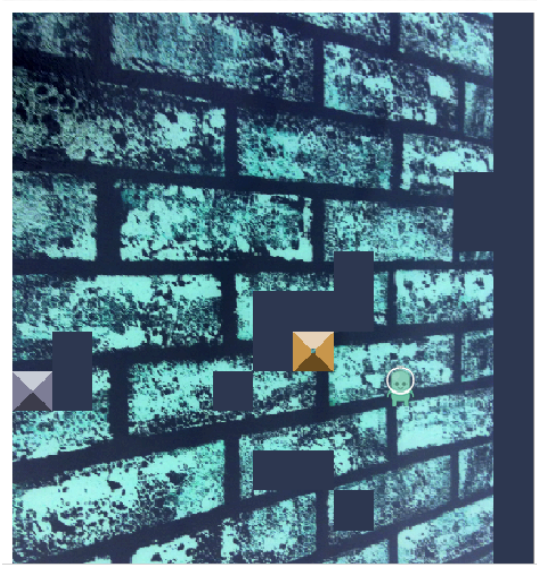

Lv1: Follow the spotted path without falling in gaps and make your way to the Grey special box.

In level song - On My Bicycle Instrumental

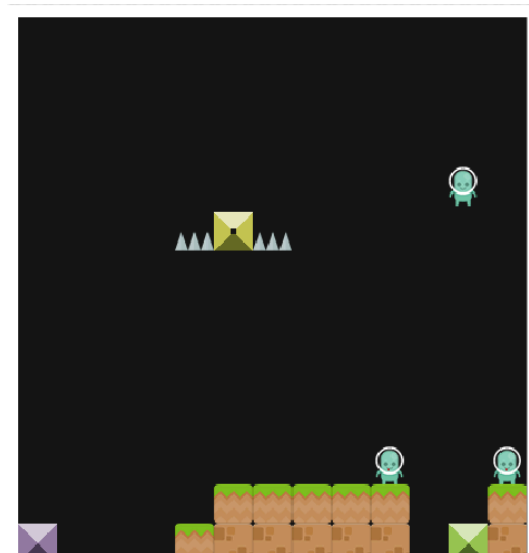

Lv2: Make your way along the spotted path getting to the Copper box.

In level song - Just Quit Instrumental

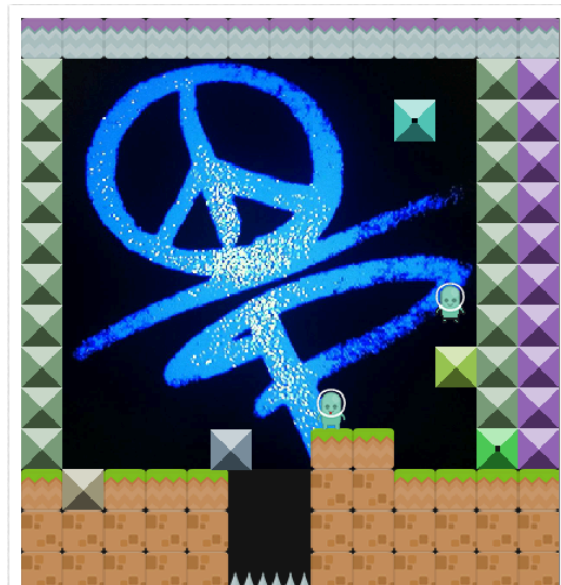

Lv3: Avoid falling enemies, then bounce to the Gold special box without landing on spikes.

In level song - FDF Instrumental

Lv4: Obstacles haters and pitfalls. Get to the Green box.

In level song - MTTTS Instrumental

Lv5: Make your way along the dotted path to the Aqua box,

Bouncing to victory.

In level song - 4TP2 Instrumental

Hints:

- 1) Press up and right on the directional pad simultaneously to jump gaps.
- 2) Press up while bouncing to add to your jump.
- 3) There are secret downloads and more.
- 4) From time to time player1 gets stuck. If this occurs, hit the directional pad in the direction of the stuck movement once to unstick the player.
- 5) Screenshot completion messages and send them to pdallas@peacesum.com for each level completion and secret download found if the google drive page containing your earned download does not automatically pop up in a new window.

Thank you again for subscribing, and just paying attention in general.

Until next time,

-P Dallas
