Abstract
[Times New Roman, Font size 13pt, Line spacing 1.5, Middle align, Bold]

The main text, like the author names, uses Times New Roman font, 14 points for the Author names and 12 points for the remainder of the abstract. Type or paste your text into this file but remember to keep the page margins the same as is set here which is 2.5 cm all round. Paragraphs are to be justified (straight edged) on both left and right.

Use single line spacing and leave a line gap between paragraphs. This helps your text to be read easily. If you would like to insert a figure you can do so. Use the *insert picture* command and *paste special* as an enhanced metafile for ease of handling. If you want, you can set the text to flow around the figure but do remember to include a figure caption.

The abstract deadline is July 16th. There is no fee for submission of an abstract, but you need to pay the registration fee by the deadline of July 16th.

The scientific committee will inform those who submit abstracts for oral presentation whether the paper is scheduled for oral or poster presentation and will aim to do so by January 30th. Please note that there will be ample time for discussion of posters built into the conference schedule.

The limit for your abstract is 200 to 250 words. The organizing committee reserves the right to edit abstracts for clarity or correctness of English but will consult the author if any significant changes are needed.
