Dear Parents/Guardians,

In an effort to keep you informed about your child's program, please find attached a copy of his/her student support plan. This plan was created when it was identified that he/she would benefit from adaptations in the classroom. Adaptations refer to instructional, environmental, social, behavioural, and/or assessment strategies that will assist your child in being successful. Your child is in the regular academic program and must meet the curricular outcomes for his/her grade. This plan notes current progress, strengths/challenges, and goals for the 2021-2022 school year.

Your child's teacher(s) will be receiving a copy of this support plan so that they are aware of important information that will help your child to have a successful year.

Please review and notify me of any needed changes. If you have any questions or concerns, please contact Megan Dyck at (204) 534-2494 or by email at medyck@tmsd.mb.ca

Sincerely,

Middle Years Resource
