

soda foundation kahu project meeting

Notes and Agenda

Kahu community meeting is a regular sync up meeting for discussing all the technical and ecosystem related aspects with all the members of its community. It is open to all.

We discuss design, development progress, issues and ideas in the meeting. Also we discuss the events and ecosystem across the globe where our community can get involved in that and grow. It is a typical open source project community sync up on kahu project.

This document captures the agenda and notes from each meeting. If there is anything you want to discuss at this meeting, please add an item to the agenda.
