- Please have **references** if you have something specific in mind, especially if it's an original character you want drawn!
- **Please tell me your tumblr/insta/twitter username** so I can tag you if I post your commission onto my account (you can choose whichever platform you'd like me to mention you on and only if you let me post it!)
- **I reserve the right to refuse a commission at any point before getting paid.**
- I will begin working on the commission after I receive payment (NOTE: **I will send you an invoice** so people don't send money and then ask for their commission without emailing me about the terms of the commission. Thanks for understanding!)
- After receiving payment I can also provide work in progress shots if requested.
- These commissions are to be used for **PERSONAL USE** only. Please do not resell or use them for commercial means. I reserve the right to put it on my portfolio as my artwork.
