

# Zidoo Movie Soundtrack Customization

The tutorial takes Z9X as example, home theater version should be V4.1.40 or above

With the firmware update of Zidoo media player, Home Theater v4.1.40 ushered in new features—custom movie soundtrack. When a movie is selected on the main menu, category Interface and movie details interface of Home Theater, the soundtrack will be played automatically. Please see the detailed tutorial below.

## 1. Soundtrack Format and Naming

1.1 Supported Formats: **MP3, FLAC and WAV**

1.2 File directory: **soundtrack must be in the same file directory with movies**

1.3 Naming rules: **"movie name"-soundtrack+"song name".mp3/flac/wav**

- \* the movie name must be exactly the same as the movie file name.
- \* the soundtrack is fixed.
- \* song name can be named at your will.
- \* the music file suffix should be mp3/flac/wav.

For example:

**A story about the secret of this world that only I and she know.**

The summer of his high school freshman year, Hodaka runs away from his remote island home to Tokyo, and quickly finds himself pushed to his financial and personal limits. The weather is unusually gloomy and rainy every day, as if taking its cue from his life. After many days of solitude, he finally finds work as a freelance writer for a mysterious occult magazine. Then, one day, Hodaka
