

# A Trip Into Space!

## Progress Outcome 1

Create a digital presentation that reflects my understanding of what I have learned.

**TASK:** Students learn about everything from take off to walking in space to landing. Watch the videos below:

[Space Shuttle Atlantis](#)

[Apollo 13 Views of the Moon](#)

[Neil Armstrong First Moon Landing](#)

[Life Inside The Space Station](#)

[Space Walking](#)

Create a video or PicCollage about whether you would go to the moon if you could and explain how you would get there.

If you use Seesaw you can access the activity here:

[Seesaw Activity](#)

**Links to digital technologies curriculum:**

- Designing and Developing Digital Outcomes
- Create a digital presentation
- Using a language to communicate an idea

**Key Vocab:**

- Digital device
- Input, output
- Process

**Links to other areas of the curriculum:**

- Technology
- Literacy
- Science
