Privacy Policy for TabFocus

Data Collection and Usage

ADHD Tab Manager is designed with privacy in mind. This extension:

- Does NOT collect or transmit any personal data
- Does NOT track browsing history
- Does NOT share any information with third parties
- Only processes tab URLs locally on your device to prevent duplicate tabs
- Only stores extension settings (such as tab limits) locally on your device

Permissions Explained

ADHD Tab Manager requires certain permissions to function properly:

Tabs Permission: Required to count open tabs and read tab URLs to detect duplicates
Storage Permission: Required to save your settings locally
WebNavigation Permission: Required to detect when new tabs are being opened

All processing happens entirely on your local device. No data is sent to external servers.

Data Retention

Since no user data is collected or transmitted, there is no data retention policy necessary.

Changes to This Privacy Policy

We may update our Privacy Policy from time to time. We will notify you of any changes by posting the new Privacy Policy on the Chrome Web Store.
