

Privacy Policy for Dino Legends: Endless Run

Last Updated: June 6, 2026

This privacy policy governs your use of the software application **Dino Legends: Endless Run** (hereafter referred to as "the Application") for mobile devices, which was created by the developer.

The Application is a free-to-play, 2D endless running platformer game. This Privacy Policy is meant to inform you about the collection, use, and disclosure of information when you play our game.

1. Information Collection and Use

We do not collect any personal information. Unlike many mobile games, Dino Legends: Endless Run is built to be a simple, privacy-first experience. We do not require you to register an account, and we do not collect or store any personally identifiable information such as your name, email address, phone number, or physical location.

2. Device Permissions

No special permissions required. The Application does not require or request access to any sensitive features on your mobile device. It does not access your:

- Location (GPS)
- Camera or Microphone
- Contacts or Address Book
- Photos, Media, or Local Storage Files

The game operates entirely locally on your device to process gameplay mechanics, track your current game session, and display your high scores.

3. Third-Party Services and Analytics

The Application is completely self-contained. It does not use third-party analytics tools (such as Google Analytics or Firebase) to track user behavior across the web, nor does it share any data with external marketing or advertising networks.

4. Children's Privacy

Because the Application does not collect, store, or share any personal information or tracking data from any user, it is fully compliant with the Children's Online Privacy Protection Act (COPPA). We do not knowingly solicit or collect data from children under the age of 13.

5. Changes to This Privacy Policy

We may update our Privacy Policy from time to time. Any changes will be reflected on this page with an updated "Last Updated" date at the top. You are advised to review this page periodically for any changes.

6. Contact Us

If you have any questions or suggestions about this Privacy Policy, please do not hesitate to contact the developer at:
