Additional information about drop off services!

- Each member gets to compost 4-5 gallons of kitchen scraps weekly.
- There are cleaning supplies at each drop off location you can use. Some people like to clean their buckets at home too, it is up to you.
- You can use your own bucket (preferably with an airtight lid). Or you can reach out about using one of ours.
- Yardscraps are compostable for extra payment and need to be taken to a separate drop off. Email us for more information.
- You will receive soil 2x a year. It is up to you to come and collect it from the collection spot. Keep your eyes out for our emails that go out in the fall and spring about the **BLACK GOLD RETURN!**
- Drop off locations:
 1. 880 W 12th St. (near Rancho San Rafael)
 2. 1565 E Elizabeth St. (near Idlewild)
 3. 1515 Plumas St. (plumas and mt rose, on the plumas side of the big white building)
 4. 11301 S Virginia St. (at Moana Nursery South, open during business hours)
 5. 1670 Zephyr Way (Sparks)
