1. **Call to Order** by Matt Laccavole at 6:05 pm
2. **Discussion:** Due to outplacements (2 of them being expulsions), our currently yearly forecast has flipped from a slight surplus to a slight deficit. Word of another pending outplacement was discussed. While we did realize some savings in certain spending areas, our unbudgeted expenditures surpassed them. State excess cost reimbursement rates and special education grants, and engaging our legislators about these items was suggested. Upcoming yearly budget cycle is being planned, as well as a newly-planned capital priority list, to monitor our physical buildings. Council will ultimately adopt our yearly budget by May 15.
3. **Move to adjourn:** Matt Laccavole moved to adjourn at 6:56. Seconded by Jim Reilly. All in favor.

Respectfully submitted,  
Matt Laccavole
