

2021 Autumn Semester

Application for Yoshida Dormitory

1. Who can live in Yoshida Dormitory?

Our dormitory is available for all the students of Kyoto University including undergraduates, postgraduates, research students, etc. In the case of special needs, relatives of the students could also live in the dormitory.

Foreign students including exchange students are also welcome!

2. How can I apply?

You only have to submit an application form with a photo and take an interview. The application form is available at the entrance area of the dormitory or you can download it from our homepage. In case you cannot come to the dormitory, you can receive the application form by email. You have to submit the application form which is completely filled in at the interview.

At the interview, we will ask you about two points:

1. Economic situation of yourself (and your families).
2. Reasons that you would like to live in the dormitory

We take the situation of each applicant highly into consideration.

The interview is held from September 10th to 16th, 24th and 25th. During this period, you can take an interview from 10:00 to 17:00 at any time you like. You don't have to book the interview. You just have to come to the dormitory with the application form and tell us that you want to take an interview.

The result of the application is decided based on the application form and the interview. The result is announced on September 17th (interview from 10th to 16th) and 26th(interview on 24th or 25th) by email. You could also call us (070-3870-3599) to know the result. After you get accepted you can move to the dormitory at any time. You are recognized officially as a resident of the dormitory, after you attend the entrance orientation, which will be held on September 30rd. You will pay the dormitory fee at the orientation(15,000 JPY).

The dormitory is responsible for submitting the application form and the dormitory fee to the university office, so you don't have to submit any document to the university directly by yourself.

3. Other important information

You can stay at the dormitory when you come to the dormitory for application. The application is possible only two times a year (spring and autumn), so don't miss the chance!
