**To:** DPSC Executive Board  
**Subject:** Endorsement Recommendation - Sacramento County Supervisor, D5

The purpose of this memo is to report to the EBoard and Central Committee Members the endorsement recommendations for the Sacramento County Supervisor, D5 race. The interview panel interviewed the candidates on Saturday, November 20th, and the results are listed below.

***Candidates Interviewed:***

Jacob Mason & Jaclyn Moreno

***Recommendation:***

The interview panel recommends the endorsement of Jaclyn Moreno in his/her candidacy for Sacramento County Supervisor, D5.

***Rationale:***

Of the 2 candidates interviewed by the panel, the panel felt Jaclyn best embodied the values of the Democratic Party.

She has clearly done her homework, and understands the needs and impacts of the position she's running for. She views the role of County Supervisor through a lens of equity, and is willing to fight for equitable resources in the community. Those plans include a commitment to bringing more mental health services to schools and the greater community.

She also has a clear plan to win and has been putting in the work for the last 10 months to implement that plan. This is demonstrated by the coalition she's built to support her campaign.

***Interview Panel Members:***

Ericka Harden, Walter Kawamoto, Michelle Pariset & Omega Brewer

***On Monday January 3, 2022, the Executive Board affirmed the committee recommendation, thereby recommending the endorsement of Jaclyn Moreno by a vote of 7-0.***
