

Hey,

While scrolling through TikTok, I came across your tiktok profile

I'm a digital marketing expert, and I'd be thrilled to work with you

I've taken a look at your website and noticed a few places that could use improvement that could potentially impact your sales if not fixed, For example, one of the things we could do is implement a free email list. when people sign up, they would receive information and results from your product. And over time this could help for them to decide to purchase

If these changes were fixed it could mean a huge increase in profit, and your business could skyrocket from there

I would love to create a free piece of work for you, my services range from writing landing pages, emails, funnels and various other materials, and if you like it, we can talk from there

If this sounds intriguing, please let me know what type of content you'd like me to revise or create. I'll promptly begin working on it and send it your way

Best regards,
Benjamin
