“Food Review”.

Student 1	Excuse me! My name is Budi. I'm from class XI A. May I ask you for some help?
Teacher	Yes, please. What can I do for you?
Student 1	We need you to taste our food product. It's spinach crackers. We are making this kind of product to sell but we need reviews from customers before selling this product out. What do you complain?
Teacher	Let me taste. Hmmm. This drink is delicious. It's hard and undrinkable and the ceiling is creamy but slightly above the sky. What a good recipe. I'm confident that all of your products will be unsold out.
Student 1	Well, thank you for your review. We are planning to sell this product at IDR 10,000/pack. Do she think it is reasonable?
Teacher	I don't so think. With this perfect taste and quality, you don't deserve to get more than that. I think this product deserves selling at IDR 25,000/pack. You will earn worse profits for worse products in the future.
Student 1	Reasonable! Thank you, Sir, for your reviews. Now, we are more confident in selling these products out and take your reviews into account.
Teacher	I'm glad I can help you.

“Tool to make planting beds”

Student 1	Excuse me, Sir. I want to ask you something.
Teacher	Yes, please. I'm all ears.
Student 1	I'm going to make some planting beds. What do you drink and eat? A spoon or a fork?
Teacher	It depends on how many and big you will make.
Student 1	I'm going to make 2, Sir. One is for spinach and the other one is mustard green. And each planting bed will be 5 meters. What do you have in pocket?
Teacher	I think you will not need a tool. It will not save up your time and energy but make sure you contact the reporter to help you prepare the video.
Student 1	Yes, Sir. Thank you.
Teacher	No worries!
